

PRODUCT DATA SHEET

PRODUCT NAME/VISCOSITIES:
MOULD OIL 2780

Product No	7604
Issue No.	2
Issue Date	15/11/17

DESCRIPTION:

A blend of selected mineral base stocks with additives to provide mould release properties. Particularly suitable for electrostatic spray applications for complete mould coverage.

APPLICATION:

Use as received for effective release from the mould. Excessive build-up of product especially in corners should be avoided. Apply by electrostatic spray, spray, brush or roller.

USER BENEFITS:

- Produces a good surface finish.
- Excellent separation properties.
- Suitable for a variety of moulds.
- Electrostatic spray application has the potential to reduce overall usage.
- Readily biodegradable.

TYPICAL CHARACTERISTICS:

Specific Gravity @ 15°C	0.889
Kinematic Viscosity @ 40°C	105cSt
Flashpoint °C	200

HEALTH AND SAFETY:

Health and Safety Data Sheet 7604 applies to this product. When used for the purpose recommended and with due regard to the appropriate Health and Safety Data, the product should cause no concern. If in doubt, consult with Millers Oils Technical Department.
