

Product code: 6206 **Sector:** Automotive (Passenger car & LCV) **Issue No:** 5 **Issue Date:** 17/01/23

Diesel Power ECOMAX One-Shot 250ml

A one-shot diesel fuel treatment for enhanced combustion efficiency and engine cleanliness.

Description

A fuel treatment and detergent package that adds up to 5 cetane numbers (CN) to diesel fuel e.g. 51 to 56 CN & 53 to 58 CN. The treatment also provides lubricity for the fuel system, more specifically the fuel pump. Ideal for use as a pre-MOT test clean-up treatment.

Application

For use in all diesel passenger cars and light commercial vehicles (LCV), including Euro 6, Euro 5, and Euro 4 compliant engines with or without a Diesel Particulate Filters (DPF) and AdBlue after treatment systems. Also can be used in ATV's and small plant machinery.

Dosage Rate

1 x 250ml bottle treats:
50 Litres (1 x 50L tank) of diesel fuel.

Directions for use

Add to fuel tank prior to refuelling.

Typical Characteristics

Density @ 15°C, g/ml	0.840
Kinematic Viscosity @ 40°C, cSt	2.5
Flashpoint, °C	75

Features & Benefits

- Increases cetane rating of diesel by up to 5 numbers resulting in an increased power output and MPG.
- Enhanced detergency package for quicker clean up and prolonged diesel injector cleanliness.
- Maintains after-treatment efficiency and helps to invigorate emission control systems.
- Improved combustion and engine cleanliness drastically reduces emissions of hydrocarbons (HC), carbon dioxide (CO₂) and nitrous oxide (NO_x).
- Noticeably improved throttle and engine response at lower revs designed to offer the best of both power and economy.
- Added lubricity in the fuel will reduce wear on components in the fuel system, and increase the longevity of these parts.

Storage Instructions

Store at ambient temperature.
Avoid direct sunlight.
Product efficacy within 24 months of date on bottle if stored according to the manufacturer's instructions.
