

PRODUCT DATA SHEET

PRODUCT NAME/VISCOSITIES:

Diesel Power ECOMAX – One Shot Boost 250ml

Product No	6206
Issue No.	3
Issue Date	26/02/20

DESCRIPTION:

A high quality diesel fuel treatment for enhanced combustion efficiency and engine cleanliness, with improved detergency and lubricity enhancers. Suitable for passenger car and light commercial applications including vehicles fitted with AdBlue after treatment systems.

APPLICATION:

For use in all diesel passenger car and light commercial vehicles including Euro IV, Euro V and Euro VI compliant engines with or without a Diesel Particulate Filter (DPF).

DOSAGE RATE:

One 250ml bottle treats 60 litres of fuel.

Storage Instructions: Avoid strong direct light and heat.

USER BENEFITS:

- A modern state of the art fuel treatment that is suitable for all diesel engines and provides a tangible improvement to vehicle performance and enhanced fuel economy.
- Increases cetane rating of diesel by up to 5 numbers.
- Noticeably improved throttle and engine response at lower revs designed to offer the best of both power and economy.
- Enhanced detergency package for quicker clean up and prolonged injector cleanliness.
- Protection of fuel system components against wear, with specially added lubricity enhancers.
- Engine smoothness, noise reduction and fuel savings confirmed by users.
- Improved combustion and engine cleanliness drastically reduces emissions of hydrocarbons (HC), carbon dioxide (CO²) and nitrous oxide (NO_x).
- Ideal for use as a pre-MOT test clean-up treatment.
- Provides fuel system corrosion control.
- Prevents fuel from ageing.

TYPICAL CHARACTERISTICS:

Specific Gravity @ 15°C	0.840
Kinematic Viscosity @ 40°C	2.5cSt
Flashpoint °C	75
Colour:	Pale Brown

HEALTH AND SAFETY:

Health and Safety Data Sheet 6206 applies to this product. When used for the purpose recommended and with due regard to the appropriate Health and Safety Data, the product should cause no concern. If in doubt, consult with Millers Oils Technical Department.
