**Issue No:** 3

**Issue Date:** 12/08/25

## ZSB 4T 10w40 (Previously ZSS 10w40)

Synthetic based 4 stroke engine/transmission oil for use in motorcycle, scooter & ATV applications.

### Description

A synthetic based oil for engines/transmissions (where applicable) requiring a 10w40 viscosity. Formulated with the latest additive technology for maximum performance in 4 stroke applications. Includes a constant high friction profile for wet clutch performance meeting the JASO MA2 specification.

### Application

Suitable for use in motorcycle, scooter & ATV engines and transmissions where maximum performance is required. Specially developed for both road and track use in both air and water-cooled motorcycles.

### Performance Profile

API SJ, SH, SG  
JASO MA2, JASO MA

### Features & Benefits

- Constant high friction profile for wet clutch performance meeting the JASO MA2 specification.
- Synthetic base oil and additives provide high temperature endurance.
- Optimisation for four-stroke engines to give cleanliness and improved operation.
- Excellent oxidation resistance and valve train-wear protection.
- Seal compatibility.
- Suitable for use in machines fitted with oil immersed 'wet' clutches.

### Typical Characteristics

Density @ 15°C, g/ml	0.871
Kinematic Viscosity @ 100°C, cSt	13.5
Flash Point, °C	>200
