**Product code:** See below    **Sector:** Agriculture & Off Highway    **Issue No:** 3    **Issue Date:** 01/05/24

## CHAIN OIL RANGE

### Description

The chain oil range are premium quality, solvent refined base stocks incorporating a special tackiness agent.

### Application

Use as received for the lubrication of the chain, guide bars, linkages and rivets on all models of chainsaws and most chains, with the correct viscosity selection.

### Features & Benefits

- Contains a tackiness additive to ensure a strong adhesive film to resist fling off.
- Anti-wear protection.
- Excellent corrosion protection.
- Can be used in sub zero temperatures.

### Technical & Health and Safety

T: 01484 475060
