

# MILLERS OILS

## CNC MACHINE PRODUCT RANGE

### METALWORKING

#### Water Soluble Cutting/Grinding Fluid

- Millersol Range
- Millcool Range
- Millgrind

#### Mixer

- Dosatron Mixer
- A900V Venturi Mixer

#### Tramp Oil Removal

- Oil Belt Skimmer

#### Condition Monitoring

- Refractometer
- pH Papers
- Dip Slides
- Auditable & Magnetic Coolant Reports

#### Neat Cutting/Forming Oil

- Millicut Range
- Millform Range

### HYDRAULIC SYSTEM

A range of hydraulic oils that meet the performance requirements of industry/manufacturer specifications, available in varying viscosities from ISO 2 – 100.

#### HLP

- Millmax

#### HLP ZF

- Millmax ZF

#### HVLP

- Millmax HV

#### Longlife

- Millmax Longlife

#### Biodegradable

- Millmax SE BIO

#### Fire Resistant

- Millmax HFD(u)

### SPILL RESPONSE

- Spill response kit
- Oil Absorbent Pads
- Rags

### WATER DISPLACEMENT FLUID

- Dewatering Fluid 1782

### SPINDLE

A range of spindle oils available in varying viscosities from ISO 2 – 15.

- Millmax Range
- Millmax ZF Range
- Millmax HV Range

### SLIDEWAY

A range of slideway oils available in varying viscosities from ISO 32 – 220.

- Millway Range

### ANTIFREEZE & COOLANT

A range of Monoethylene Glycol (MEG) products formulated with different chemistry types designed to be compatible with materials in cooling systems.

- Alpine Range

### INDUSTRIAL CLEANER

- Solvent 1489
- E-Vap Brake Cleaner
- Millsol Green

### HAND CLEANER

- Pevastar Hand Cleaner

### GEARBOX

A range of gear oils that meet the performance requirements of industry/manufacturer specifications, available in varying viscosities from ISO 68 – 680

#### Mineral

- Millgear EP

#### Synthetic Polyalphaolefin (PAO)

- Millgear SHC

#### Synthetic Polyalkylene Glycol (PAG)

- Millgear SY

### GREASE

#### General Grease

- Delta EP
- Deltaplex EP

#### High Temperature

- Millergrease Synth HT2

#### Copper Grease

- Millergrease NS Copper
