

SPECIALISTS IN
ADVANCED OILS, LUBRICANTS
& TREATMENTS

PERFORMANCE YOU CAN TRUST. PROTECTION YOU CAN RELY ON.

Millers Oils is a leading independent manufacturer and blender of high-performance oils and lubricants, based in Brighouse, West Yorkshire.

We deliver trusted solutions to protect customers across industries ranging from transportation and motorsport to heavy machinery and agriculture. Our products are designed to guarantee reliability and efficiency but what truly sets us apart is our ability to combine pioneering lubricant technology with real world expertise. Our in house laboratory and on site production provides quick results, tight quality control, and products you can trust to perform.

We supply a global network of OEMs, distributors, workshops, and independent users, all supported by our commitment to innovation, integrity, and inclusiveness. Whether under everyday pressures or extreme conditions, you're **Protected by Millers Oils**.

OUR MISSION

To be the lubricants and fluids specialist and technology partner of choice; driving innovation, performance, and value to our customers through cutting-edge technology and superior service.

WHY CHOOSE MILLERS OILS?

Innovation: We lead the way in lubricant technology, continually developing smarter formulations that push performance further.
Integrity: We do what we say we will. Honest advice, transparent processes, and accountability.
Inclusiveness: We believe great results come from collaboration, across our teams, partners, and customers.

YOUR OPERATION. YOUR REPUTATION. PROTECTED BY MILLERS OILS.

Protected by Millers Oils isn't just a tagline, it's a commitment.

We're more than just a lubricant provider, we understand your operation and will deliver the right solution for you. From first fill to ongoing performance, we're here to keep your equipment protected and your business moving.

Total Care

We go beyond supplying premium oils and lubricants. Our customers rely on us for technical support, maintenance guidance, advanced oil analysis, and access to the latest lubricant technologies, all tailored to their application.

Multi-Industry Expertise

We work across a wide range of industries and applications. That breadth of experience gives us deeper insights into fluid performance and allows us to deliver smarter, more effective solutions wherever they're needed.

Our Service Promise

If any product recommended by our technical team fails to meet the guaranteed specifications under normal operating conditions, we will replace or refund your purchase.

Fluid Management Specialists

We provide end-to-end expertise in managing lubricants throughout their lifecycle. From supply and storage to monitoring, analysis and optimisation. Our specialist knowledge ensures fluids perform at their best. This holistic approach gives us deep insights into efficiency, reliability, and sustainability, helping businesses reduce downtime, extend equipment life, and achieve peak operational performance.

Direct Technical Support

Our technical specialists are easy to reach and ready to help. They'll take the time to understand your application, processes, and challenges; offering practical advice you can rely on.

Vision Oil Analysis

Our comprehensive oil analysis service provides clear, actionable insight into the condition of your oil and equipment for both vehicles and machinery. Each personalised report highlights wear metals, contamination, viscosity, and additive health, along with practical recommendations to protect assets, extend oil life, and control costs.

PROVEN ON THE TRACK. TRUSTED EVERYWHERE.

Our distributors bring local expertise and act as true brand ambassadors, proudly representing Millers Oils. Combined with the proven performance demonstrated through our motorsport partnerships, this ensures customers receive trusted guidance, tailored solutions, and the confidence that our products deliver excellence whether in everyday operations or under the toughest conditions.

From road to track, field to factory, pit lane to plant, you're Protected by Millers Oils, every step of the way.
