

VOLKSWAGEN GROUP

The Lubricants & Fluids Specialists

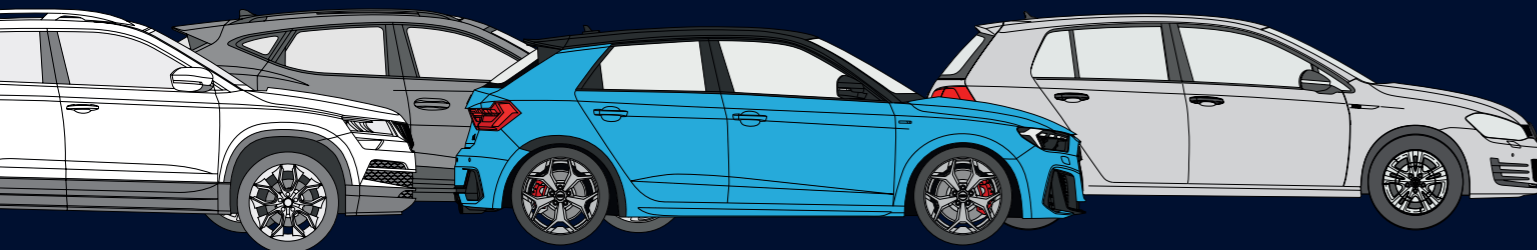

ABOUT MILLERS OILS

Millers Oils is a leading manufacturer and independent blender of oils and lubricants, operating since 1887 in Brighouse, West Yorkshire. We pride ourselves on our award-winning innovation and our independence which allows maximum flexibility to meet our customers' needs.

VOLKSWAGEN GROUP

Volkswagen Group (VAG) is one of the world's leading automotive manufacturers and the largest carmaker in Europe. Its extensive portfolio including Volkswagen, Škoda, SEAT / CUPRA, Audi, Bentley, Lamborghini, Bugatti and Porsche represents a diverse mix of engineering, performance, and innovation. For workshops, this diversity brings both opportunity and complexity.

This brochure aligns our three engine oil ranges with the key Volkswagen Group specifications. Each formulation is engineered to meet the demands of specific engine types, delivering consistent performance and dependable results. So you can minimise risk, enhance reliability, and build lasting customer trust every time a vehicle leaves your workshop. Choosing a high-quality brand like Millers Oils doesn't just protect the engine, it protects your reputation.

EE PERFORMANCE

Engine Oils for High-Performance vehicles

For Volkswagen Group enthusiasts who drive daily but live for track days, our EE Performance range is built to handle it all—everyday drives and high-performance thrills. Featuring NANODRIVE technology, these oils significantly reduce friction, enhancing both power output and engine protection.

Product highlight:

EE Performance C5 V 0W-20

A performance engine oil featuring NANODRIVE low friction technology for vehicles requiring a C5 0W-20 specification.

Features:

- NANODRIVE technology for reduced friction and wear
- High thermal stability, perfect for extreme conditions
- "Track-day ready," ensuring maximum performance while meeting manufacturer specifications
- Ultra-low viscosity green coloured oil

Benefits:

- Meets VW 508 00 / 509 00
- Boosts power and fuel efficiency
- Extends the life of high-performance engines
- Suitable for modern TFSI engines requiring extended drain intervals

PERFECT FOR GARAGES SERVING TRUE VAG ENTHUSIASTS!

"At Graftech Service we specialise in servicing Volkswagen Group vehicles, where lubricant quality is essential. After trialling Millers Oils products in our workshop, we were impressed by the performance and reliability of the EE Performance range. Following these results, we gradually transitioned our servicing operations to Millers Oils. Today, Millers Oils is our exclusive lubricant supplier and a brand we confidently recommend to our customers." — Graftech Service, Independent Volkswagen Group Specialist, Warsaw

XF PREMIUM

Engine Oils You Can Trust

At Millers Oils, we take pride in providing OEM-approved oils that match the precision engineering of modern vehicles. Our XF Premium C3 V 5W-30 holds the stringent VW 504 00 / 507 00 OEM approval, delivering the reliability you expect for VAG engines. Crafted with our advanced Dynamic Fluid Technology, it ensures ultimate protection, especially during cold starts and city driving.

Product highlight:

XF Premium C3 V 5W-30

A premium OEM-approved engine oil formulated using the latest technology for applications requiring C3 5W-30 viscosity.

Features:

- VW 504 00 / 507 00 OEM approval
- Dynamic Fluid Technology
- Distinct blend of highest quality base oil and additives

Benefits:

- Enhances fuel economy
- Long term performance and engine protection
- Suitable for extended drain intervals

TRUST IN MILLERS OILS FOR PROVEN, HIGH-QUALITY PROTECTION!

“XF Premium C3 V SAE 5W-30 has shown that product in question meets the requirements in accordance with VW Standard 504 00 and VW Standard 507 00. This engine oil is therefore suitable for use in our vehicles with LongLife Service” — Volkswagen Group

“We specialise in Volkswagen Group vehicles, so using the right lubricant is critical. After introducing Millers Oils into our servicing, we quickly saw the difference in performance, consistency, and overall engine protection. It's become a key part of how we deliver quality service to our customers.” — Richard Martin - High Volt Garage

TRIDENT PROFESSIONAL

Engine Oils for Unrivalled Vehicle Parc Coverage

The Trident Professional Range is all about simplifying your stockholding without compromising on quality. Designed to offer protection for a wide variety of Volkswagen Group engines, including petrol, diesel, and hybrids, these oils make stocking the right products easier while still ensuring every vehicle gets the best.

Product highlight:

Trident Professional C3 5W-40

A versatile engine oil that offers top-level protection for petrol, diesel, and hybrid engines

Features:

- Multi-application coverage for all engine types
- Advanced formulation

Benefits:

- Meets VW 502 00 / 505 00 / 505 01
- Enhances engine protection
- Meets the needs of direct injection and forced induction (turbocharged) engines

SIMPLIFYING STOCK!

At Millers Oils, our support goes far beyond the product. Protected by Millers Oils is a complete support package designed to help businesses deliver better results, every time. Built on decades of expertise and strong partnerships across the trade, it combines high-performance lubricants with direct technical support, expert insight, dedicated account management, and services such as oil analysis to help identify potential issues before they become costly problems. Whether you're managing multiple vehicle types, advising customers at the counter, or carrying out servicing in the workshop, we're here to support you at every stage. Our focus is to make your day-to-day operations smoother, more efficient, and more profitable. With trusted products and a clear service promise behind every recommendation, Protected by Millers Oils helps you build customer confidence, strengthen your reputation, and future-proof your business.

**YOUR WORKSHOP. YOUR CUSTOMERS' TRUST.
